the SPECIAL!

Huge CD Launch Show at The Corner Hotel!

The latest and Wildest Wild Turkey CD is finally being officially launched at The Corner Hotel, Richmond on Friday the 24th of March!

Very special guests on the night are Speedemons, The Exotics and Perfect Sin. "Devil Ridin' Shotgun" is distributed by MGM and is available at all good music stores and at our shows! The disc has 12 new original songs that capture the Wild Rockabilly, Psychobilly and Garage Rock 'n Roll sounds of the band. There are also two bonus live tracks that are from the last recording done at The Esplanade Hotel by the In-House Espy Recorders Studio, which sound awesome! A bonus CDROM of the "Surfin' Hearse" video is also on the release.

The studio recordings have been done over a period of time at the David Briggs Production Workshop where David and the band have captured the great raw rootsy sounds of the album. Two tracks have special guest appearances by Gil Askey on Trumpet and Mick "The Rev" O'Connor on Hammond organ.

Wild Turkey have been performing at some great events, including the International 2006 Superbike World Championship at Phillip Island, The 2006 Australian Kustom Nationals and many venues around the country.

Lead Singer Johnny Marsden recently went over to the USA and performed live to air on KSJD in Montezuma County, Colorado, which had listeners from all over the country calling the station - he also played with some local musicians in Colorado and Utah. As a result "Devil Ridin' Shotgun" is being reviewed in an issue of the huge publication "Ol' Skool Rods". Wild Turkey have been invited to perform at a huge Rockabilly and Kustom Car Event in Utah in July.

The CD is already being played by the "Outlaw For Peace" radio show which is syndicated all over the US and also internationally. Other USA airplay for the new CD already include KUCI, KDUS and KXLU in California.

Wild Turkey are featured with a fun interview on the "John's Rod and Kustom Picnic DVD 2005", which also has many songs from the CD in the soundtrack.

GIGS!
